

Progress-EMV-RAPID

Material: Messing vernickelt
 Kontaktscheibe: Edelstahl A2
 Dichtensatz: TPE
 O-Ring: NBR
 Zugentlastung: nach EN 50262, Ausf. A*
 Einsatztemperatur: -40 °C bis 100 °C
 Schutzart: IP 68 / IP 69K

Material: brass, nickel-plated
 Contact disc: stainless steel A2
 Sealing insert: TPE
 O-ring: NBR
 Strain relief: acc. to EN 50262, version A*
 Temperature range: -40 °C to 100 °C
 Protection type: IP 68 / IP 69K

Eigenschaften:

- zeitsparende Montage von partiell abisolierten sowie durchgehend geschirmten Kabeln
- schnelle und einfache Schirmkontaktierung
- 1 Verschraubung, 2 Kontaktierungsvarianten

Characteristics:

- quick installation of partially stripped cables as well as thoroughly shielded cables
- easy and quick shield terminating
- 1 cable gland, 2 contacting methods
